April 11, 2021

Dear Sisters and Brothers:

It has been so wonderful to see the sunshine and feel the warmth of the Spring. Spring is a time of renewal a time to look forward to better days ahead and I hope that you are all doing that.

I have received word from the Grand Master that the Masons are cancelling all in-person gatherings until at least September 1, 2021.

With the Support of Grand Executive, I am regret to inform you that:

All Chapter meetings of the Grand Chapter OES of Ontario Canada Inc. are hereby postponed until further notice to resume when it is deemed safe but no earlier than September 1, 2021. Virtual meetings or online fundraisers are encouraged but no committee meetings, fundraisers, events, gatherings or functions, including OES Funeral Services, that involve in person interaction will be sanctioned under the auspices of the OES at this time. Any Members of OES Chapters in Ontario who choose to meet in person with other Members will be doing so on a personal basis and at their own risk. Grand Chapter accepts no responsibility for any such meetings or gatherings, with the exception of the Officers and Members who are required to meet in person to perform the necessary business of the Chapters. Further, Grand Chapter accepts no responsibility for any charges and/or fines incurred by individual Members or Chapters as a result of any unauthorized gathering.

The vaccination clinics are working diligently to get the citizens of Ontario vaccinated. We need to stay vigilant in the war against COVID-19 and follow the recommendations of our Federal, Provincial and Regional governments.

In the interim, please remember to reach out to your fellow members, by phone, by email, by mail and by other video conferencing means.

Please remember that Spring brings with it hope and the signs of new beginnings. Stay Safe.....until we can meet again!!!

In Peace and Harmony,

Lynn Alexander
Worthy Grand Matron
Peace and Harmony 2019 - 2021
